

Advances in Agronomy, Volume 61

Written by international authorities in agronomy, Volume 61 contains five comprehensive reviews covering key contemporary topics on crop and soil sciences. As always, the topics are varied and exemplary of the array of subject matter covered by this long-running serial. In this volume, a definitive treatise on dynamic conservation of plant genetic resources is included, as is an environmentally timely update on coal surface mine reclamation practices; contemporary and thorough reviews of diffusion in the soil-plant system, dormancy, germinability, and germination in crop and weed seeds, and control of soil-borne plant pests. With this latest volume, *Advances in Agronomy* continues to be recognized as a leading reference and as a first-rate source of the latest research in agronomy, crop science, and soil science.

Key Features* The control of soil-borne plant pests* Ion-diffusion in the soil-plant system* Dormancy, germinability, and germination in crop and weed seeds* Dynamic conservation of plant genetic resources* Coal surface mine reclamation

[Hidden Dangers of Cell Phone Radiation](#) Every day, we're swimming in a sea of electromagnetic radiation (EMR)
produced by electrical appliances, power lines, wiring in buildings, and a slew of other technologies that are part of
modern life. From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the
cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a
serious health threat. [Read more...](#) [Genetics of Cancer](#) [Author: Dr. Magdy Aly](#) [Genetics of Cancer](#) Genes are the heart
and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility
to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine
if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop
an illness? And if so, what can, or rather, shall we do about it. [Read more...](#) [Main Menu](#) [Home](#) [PROFILE](#)
