

## Glitter Christmas Art

Your young artists, ages 4 and up, will love to color simple pictures as they learn the story of Jesus birth. Each Bible story illustration is surrounded by a fun, baked-on glitter background, which means no mess! A neat spiral design helps to keep art organized until your children complete the coloring pages. Once the pages are completed, your little ones will delight in tearing out the easy-to-remove perforated pictures and putting them on display! Glitter story art is a perfect activity for home, church, or in the car--and it makes a great gift!

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
