

A Spiritual Home: Life in British and American Reformed Congregations, 1830-1915

A Spiritual Home explores congregational life inside British and American Reformed churches between 1830 and 1915. At a time when scholars have become interested in the day-to-day experience of local congregations, this book reaches back into the nineteenth century, a critically formative period in Anglo-American religious life, to examine the historical roots of congregational life. Taking the perspective of the laity, Cashdollar ranges widely from worship and music to fund-raising and administration, from pastoral care to social work, from prayer meetings to strawberry festivals, from the sanctuary to the kitchen. Firmly rooted in broader currents of gender, class, notions of middle-class respectability, increasing expectations for personal privacy, and patterns of professionalization, he finds that there was a gradual shift in emphasis during these years from piety to fellowship. Based on records, publications, and memorabilia from about 150 congregations representing eight denominations, A Spiritual Home gives us a comprehensive, composite portrait of religious life in Victorian Britain and America.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more... Main Menu Home PROFILE Curriculum Vitae Professional Career Teaching Honors & Awards References Home Country Genetics Lectures
