

## Latin Vulgate Bible: Job to Syrach (SPQR Study Guides Book 24)

This new edition of the Latin Vulgate Bible is the perfect study guide for students looking to tackle the text. Each verse is presented individually, first in its original Vulgate Latin, then in the Douay-Rheims English translation. The Douay-Rheims was selected because it most closely mimics the Vulgate Latin, helping students gain a clearer understanding of how the two fit together. But what makes this edition so special is that each passage is followed by the running Latin vocabulary in the order used in that chapter, with each word presented in its root form alongside a comprehensive English translation - never again will you have to struggle through unknown words or difficult conjugations. This unique feature allows readers of all levels to understand even the most complicated parts of the Bible in its original Latin. This book also features a multi-level table of contents, to help you navigate to any verse in the Bible in just three taps - select a book, then a chapter, then a verse, and you're done. Due to the size of this work, it's available in five parts: the Pentateuch (Genesis to Deuteronomy), the Historical Books (Joshua to 2 Maccabees), the Sapiential Books (Job to Sirach), the Prophetic Books (Isaiah to Malachi), and the New Testament (Matthew to Revelation).
