

## Dont Say I Cant

Hannah Roger, a young divorcee, finds her life uncertain as she tries to fulfill her mother's last wishes. Who would think such a simple request would take Hannah through romance, heartache, and murder? She spends a lifetime hunting a mystery note. Hannah falls in love with an ordinary Texas town and some of its extraordinary people. Through perseverance and many tears, she turns this town upside down. She sees an orphanage saved, lives rebuilt, and talents discovered. Ultimately, she admits God is in control, giving her choices that bring blessings and consequences. It becomes more important for Hannah to Live for God than marry the man of her dreams. She discovers as long as she lives by God's first and great commandment (Mark 12:30), life is no more a mystery.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
