

An Elementary Treatise On Astronomy: Adapted to the Present Improved State of the Science : Being the Fourth Part of a Course of Natural Philosophy, ... of the University at Cambridge, New England

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

ElRehim Sayed Aly Prof. of Cytogenetics The Hidden Dangers of Cell Phone Radiation Author: Dr. Magdy Aly The
Hidden Dangers of Cell Phone Radiation Every day, we're swimming in a sea of electromagnetic radiation (EMR)
produced by electrical appliances, power lines, wiring in buildings, and a slew of other technologies that are part of
modern life. From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the
cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a
serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart
and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility
to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine
if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop
an illness? And if so, what can, or rather, shall we do about it. Read more... Main Menu Home PROFILE
