

Never Burn Out: Discover the Reality of Your Identity

Do you know anyone who was on fire for God? Do you know anyone who used to be excited about Jesus? Chances are, you do. Chances are, you can relate. Why is BURNOUT so common? The opposite of BURNOUT is REVIVAL. This isn't a book about how to dodge burnout, but rather how to live in ever-increasing revival. God's will for our lives is nothing short of us going from one degree of glory to another. Then, what's the problem? While many Christians have a Ph.D when it comes to knowing what their Christian duties are, sadly many are just preschoolers when it comes to knowing their true Christian identity. We know what we should and shouldn't do, but we don't know who we are. This has led to frustration and BURNOUT. Therefore, it's time we NEVER BURN OUT by discovering the reality of our identity! In this book, we will present to your your identity in Christ from many different angles. Topics covered includes: Living in Ever-Increasing Revival, Know Your True Identity (In Christ, By Grace, Through the Cross); You are a New Creation; You are Righteous; You are Holy; You have Dominion; You are in Covenant with God; You are a Walking Revival; You are Adopted; You are His Bride; Honor Your Birthright; and How to kill a Revival? Preface: This book was written to help you never burn out. Have you ever met a burnt out Christian? Do you know anybody who used to be so excited about the Lord, but isn't now? One of the biggest reasons Christians burn out is that although they know what they should and shouldn't do, they do not really know who they are. There is nothing more tiring than trying to be someone you don't believe you are. For me as a man, trying to act like a woman for an entire day would be the most exhausting day of my life! This book is not calling you to try to be somebody you aren't, but is encouraging you to be who you really are.

Historically, many revivals have burned up and burnt out. But this book was written with a vision to see the Church and each believer living in ever-increasing revival; only increasing in their passion for God, and in their experience of His presence and power. This book was written to help you experience the God of grace. Many of the thoughts we have about ourselves are in total opposition to Gods thoughts about us. As you read, your false self-portraits will be burned up in the fire of Gods grace. Grace and truth came through Jesus Christ. (John 1:16 ESV) Through Jesus Christ, we have received an abundance of grace from God. But amazingly, Gods grace doesnt just reveal the truth about God, but also the truth about ourselves. While this book will educate you about yourself, and you will definitely be encouraged and empowered to live with greater confidence, this book is ultimately about Who God is. He takes center-stage. It may appear, from the chapter titles in the table of contents, that most of the chapters pertain to who you are. But it is my hope that this book will ultimately leave you in total awe and worship of the God Who has made you into a new creation (Ch. 3), Who is your righteousness (Ch. 4), Who is your holiness (Ch. 5), Who has restored your dominion (Ch. 6), Who is your covenant partner (Ch. 7), Who is your glorious revival (Ch. 8), Who is your adoptive Father (Ch. 9), and Who is your passionate Bridegroom (Ch. 10). This book was written to help you receive more from God. God is the perfect quarterback who has sent His blessings our way, but quite often we are in handcuffs, unable to receive. Do you feel that describes your life? Quite often, the blockage doesnt have to do with Gods unwillingness, but rather our uneducated minds and unbelieving hearts. And you will know the truth, and the truth will set you free. (John 8:32) This book will educate you in the truth about who you are. You will clearly discover the reality of your identity! And as you do, this book will serve as a key to unlock your hands of faith, so you can receive everything

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
