

The Boning Knife (Carolynn Burgess Mysteries)

Holly stopped short beside the kitchen table. Her heart leaped to her mouth and her dark eyes widened in terror as she stared down at a man lying in a Pool of blood...a knife stuck out of his chest. It was Aunt Flowers special boning knife! Who was the murder victim? Why was he in Aunt Flowers kitchen? Who killed him? And, why were so many elderly women dying in Carolynns small town even though they had Vital Call? Like Miss Marple, and Jessica Fletcher (of Murder She Wrote), Carolynn Burgess uses her uncanny intuition and logic to solve the crime. At the same time, she is forced to deal with personal issues arising from her marriage, career and family. What is the personal secret that haunts Carolynn? How can she balance the demands of her work and family? What caused the breakdown in communication her and her husband? A unique work of Christian fiction, The Boning Knife offers more than the solution to a crime; it reveals the source of power and wisdom for all of lifes needs.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
