

The Fury

The Fury is Book 1 in Alexander Gordon Smith's nightmarish Fury series. Imagine if one day, without warning, the entire human race turns against you. Every single person you meet becomes a bloodthirsty, mindless savage, hell-bent on killing you - and only you. Friends, family, even your mum and dad, will turn on you. They will murder you. And when they have, they will go back to their lives as if nothing has happened. The world has the Fury. It will not rest until you are dead. Cal, Brick and Daisy are three ordinary teenagers whose lives suddenly take a terrifying turn for the worst. They begin to trigger a reaction in everybody they meet, that makes friends and strangers alike want to tear them to pieces. These victims of the Fury - the ones that survive - manage to locate each other. But just when they think they have found a place to hide from the world, some of them begin to change... They must fight to uncover the truth about the Fury before it's too late. But it is a truth that will destroy everything they know about life and death.

They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness?
