

## Places Our Dreams Take Us

Joey is a twelve year old boy who loves adventure. His friends have all moved away to other parts of the world and he feels very lonely and misses playing on the beach with them. He has only Red, his dog, to chase away the aliens now. Follow Joey as he goes on a very strange adventure to a very strange land, and encounters some very strange people and then... I was raised in a family of four siblings. This gave me opportunity to get into all kinds of mischief and survive it all. Having a large extended family with aunts, uncles, and grandparents, I heard many stories. Some of these were factual but some were a little far-out and I added my own interpretation to them. Somehow this stirred a desire in me to write stories. After the empty nest syndrome I decided to take a writing course and write books for children to fulfill that desire.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
