

## British Environmental Policy and Europe: Politics and Policy in Transition (Global Environmental Change (Hardcover))

This book explores the effectiveness of the response of environmental groups and organisations in Britain in to the challenges of European integration. Examining the relative European orientation of British environmental policy, and the impact of British concerns on European environmental policy, the book examines issues of environmental diplomacy, institutional dynamics, and policy debates relating to specific concerns such as: \* pollution \* land use \* transport \* natural conservation Presenting a wealth of examples throughout, the book draws together contributions from leading academics and practitioners from institutions and organisations such as the DOE, European Commission, WWF and CPRE.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
