

Freedom to Die

The bottom of a lake beside a small Canadian town is a strange place to wake up. That strangeness only increases for Larry Tanner as he finds that he has unnatural strength. That, coupled with the fact that he can't remember anything from the past, convinces him that he is dreaming. Yet the more the young man learns, the more he discovers that his dream is instead a living nightmare consisting of a hellish past and supernatural minds invested in controlling him despite his best efforts to keep his strength a secret.
