

Devon and the Door Protectors

Devon and the Door Protectors is the latest collection of stories by the award-winning author of *The Zoo People*, Madeline Hoffman. What is a door protector? Well, there are door leaders; they are in charge of different things in the world. Door protectors help these door leaders...sometimes even save them from death. Devon Hikes, a door protector in training, goes on four huge adventures to save both the door leaders and his friends, but it won't be easy.

They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
