

## A Promise and A Rainbow (The Double Dutch Club Series)

The girls are looking forward to a fun-filled summer--that is until Rachel finds out that her parents have made plans for her to spend the entire summer with her cousin Ronnie in Chicago. The Double Dutch Club is saddened by the thought of Rachel having to leave for the summer. And Rachel is trying to remain excited about the Double Dutch Club winning the North Carolina Jump Off. From the moment Rachel and Ronnie meet, they dislike each other, and Rachel has to find a way to get through what promises to be the most difficult summer of her life. The Double Dutch Club adventure continues, as the girls learn the importance of good friendships and developing character.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
