

Hope 4 You: Gods Plan for Your Health and Happiness (First Place 4 Health)

What is hope? Where does it come from? How can believers face the future with confidence not with blind optimism, but deep trust in God's plans? In *Hope 4 You*, First Place 4 Health National Director Carole Lewis examines the theme of hope as presented in God's Word, and illustrates what hope is and is not through the real-life experiences of Carole and a number of her friends in the faith. Carole leads readers on an exploration of Scripture, which identifies the Holy Spirit as the Source of all hope. With this understanding, believers can walk with God (which restores hope), work with God (which renews hope) and wait on God (which revives hope). Carole underscores that hoping is never passive or inactive; it is productive, meaningful and full of purpose. Hope motivates us to take practical steps toward our mental, physical, emotional and spiritual goals.

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
