

Out of the Forest

Does your life exhibit the abundance and adventure Jesus described, or are you trapped in a safe, untested, and monotonous existence? *Out of the Forest: Re-Engaging in God's Call to Purpose* can provide direction. In this book, author Rick Brown explores an obscure but profound passage found in 2 Samuel 18:8. Describing a battle during Absalom's rebellion, the Scripture says: The battle spread . . . and the forest claimed more lives that day than the sword. With wit and encouragement, Brown discusses some of the reasons people are still running to their own forests, and provides hope for re-emerging into a life of purpose. Rick has fired a literary flare in the air, announcing a way out of spiritual mediocrity for all those who have somehow lost their way. Practical, insightful, and grounded in a consistent life, *Out of the Forest* is a clarion call to reconnect, renew, and realize. -Neil McClendon, Lead Pastor, Grand Parkway Baptist Church, Sugar Land, Texas

Rick's book will challenge and encourage you. I especially love the chapter on finding beauty . . . that's so important for the church. And I laughed out loud at the story of the nod. This is good stuff! -Robbie Seay, Worship Leader and Recording Artist

I have witnessed directly Rick's commitment to front-line action. Who better than to pen this stirring call to arms? I recommend it-into your corners and come out fighting! -Jon Burns, Director of the NE1 Mission, Senior Pastor of Yarm Vineyard Church, England

Rick Brown and his wife, Beverly, live in Richardson, Texas. In addition to his passion for writing, he serves as a Bible study teacher at The Heights Baptist Church. From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
