

The Chrysostom Bible - Colossians & Philemon: A Commentary

The Chrysostom Bible Commentary Series is not so much in honor of John Chrysostom as it is to continue and promote his legacy as an interpreter of the biblical texts for preaching and teaching Gods congregation. In this volume, the author, Paul Nadim Tarazi, explains how both Collosians and Philemon are woven together to fetter a free Roman patrician of the mighty city of Colossae to the gospel whose main injunction is the love for the needy neighbor...both Colossians and Philemon, Tarazi writes, when understood against their original background, are lessons for the ages. The V. Rev. Dr. Paul Nadim Tarazi is Professor of Biblical Studies and Languages at St. Vladimirs Orthodox Theological Seminary. He is the author of a three volume Introduction to the Old Testament, a four volume Introduction to the New Testament, Galatians: A Commentary, I Thessalonians: A Commentary, Land and Covenant, and the Chrysostom Bible, Genesis: A Commentary, Philippians: A Commentary and Romans: A Commentary. His Audio Bible Commentaries on the books of the New Testament are available online through the Orthodox Center for the Advancement of Biblical Studies (OCABS).

From the dishwasher and microwave oven in the kitchen and the clock radio next to your bed, to the cellular phone you hold to your ear—sometimes for hours each day—exposure to EMR is growing and becoming a serious health threat. Read more... Genetics of Cancer Author: Dr. Magdy Aly Genetics of Cancer Genes are the heart and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine

if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
