

A Prayer Book: Revised (Classic Reprint)

As would be anticipated, he has not worked as a mere individual, but has been associated with others, has embodied the opinions of many liturgical students, and has drawn from many sources. I have felt for some time that the issue of a revised Prayer Book, representing the ideal of revision entertained by a competent scholar or group of competent scholars, would be of real advantage to the cause of careful revision. I hope that as a church we shall take some time yet before we determine what is to be the official revision of the Prayer Book. Mean while we want different groups of persons to go on working at the subject. But also I think we want different individuals to be so bold as to publish their ideas of a revised Prayer Book. and brain of our development. They dictate the color of our eyes, our complexion and most certainly our susceptibility to develop certain illnesses, among which, Cancer is one that we are most concerned about. Is there a way to determine if we are predisposed and carry a higher risk of developing certain cancers? Can we predict at what age we may develop an illness? And if so, what can, or rather, shall we do about it. Read more...
